Frequently Asked Questions

- Q:** What happens after I submit my SES application?
- A:** The SES application is reviewed at the NASA Center where the position is located. An Executive Resources Panel may interview you. After the Center selects a candidate, the application is sent to NASA's Office of Human Capital Management (OHCM) and to the NASA Shared Services Center (NSSC) for processing. NSSC personnel will contact the candidate to refine the Executive Core Qualifications (ECQs) and coordinate approval of the package within NASA. When the final package is approved by the Center and NASA HQ, it is forwarded to the Office of Personnel Management (OPM) for certification/approval of the candidate.
- Q:** Are there deadlines associated with the SES application process?
- A:** There are deadlines throughout the application process, within NASA as well as OPM. From the date a position announcement closes, NASA has 90 business days to select a candidate and submit a completed SES candidate package to OPM. If this deadline is missed, the position must be readvertised and the entire application and selection process repeated.
- Q:** How do I know which SES positions are currently vacant?
- A:** All NASA vacancies, including SES positions, are posted on the USAJobs Web site at:
<http://www.usajobs.opm.gov/>
- Q:** Where can I find information about preparing my SES package?

1. NASA's OHCM provides additional information on the NASA People Web site at:
